

Castletown

Everything in one location...

Dorset's most attractive dive sites are easily accessible from Castletown, Portland. We're at the gateway to some of the best dives in Britain, ranging from the scenic shore of Chesil Beach to the sheltered wrecks of Portland Harbour and hundreds of offshore wreck and drift sites.

Boasting a purpose-built commercial dive boat jetty next to a hotel, gas station and dive shop, a large public car park and plenty of on-street free parking, a free slipway for boats and lots of local pubs, Castletown is only 2 minutes from Chesil Beach and 6 miles to Weymouth town centre.
